

- *Molecular Sieves or desiccants are chemical compounds that act as absorbers of water, hydrogen peroxide and other oxidants.*
- *These sieves are also used to offset the vinegar syndrome caused by the decomposition of acetate film support.*

MULTISORB CAT #	Size & Qty.
<b>02-00041AG43</b>	<b>3.5 grams 400 ea.</b>
<b>02-00041AG47</b>	<b>7.0 grams 200 ea.</b>
